

PIPE RACK TROLLEY

Heavy-duty mobile trolley designed for safely storing and moving long materials like pipe, conduit, and tubing on-site.

- **Strong.** 2-tonne capacity with robust steel construction.
- **Organised.** 8 slots for sorting and accessing pipe lengths.
- **Secure.** Arm stops prevent items from slipping off.

- **Mobile.** 150mm industrial wheels with brakes for safe manoeuvring.
- **Flexible.** Optional corner posts fit to base for added containment.
- **Efficient.** Keeps materials close to the job, boosting productivity.
- **Durable.** Zinc-coated finish for long-lasting protection.
